SUMMARY

Creative and detail-oriented UI/UX Designer and Front-End Web Developer with a strong passion for crafting user-centered designs and seamless web experiences. Proficient in designing user-friendly interfaces and developing responsive, accessible websites using HTML, CSS, and JavaScript. Skilled in wireframing, prototyping, and implementing design systems to enhance user engagement and functionality.

TECHNICAL SKILLS

- **Front-End Development:** HTML, CSS, React, Javascript.
- **Version control:** Git, GitHub.
- **Design Software:** Figma.
- **UI/UX design tools:** Wireframes, Prototyping, Responsive Design, Accessibility.

PROJECTS

WEB-DEVELOPMENT:

University website :

<https://myuniversitypage.netlify.app/>

Designed and developed a fully responsive university website using HTML and CSS, ensuring seamless cross-browser compatibility, intuitive navigation, and enhanced user accessibility.

Text to speech converter :

<https://text-tospeech-converter.netlify.app/>

Created a web-based Text-to-Speech converter using HTML, CSS, and JavaScript, allowing users to input text and generate natural-sounding speech output with customizable voice options.

UI/UX DESIGN:

Car website landing page :

[Prototype link](#)

Designed a car landing page with a sleek parallax scroll effect, creating an engaging and visually dynamic user experience.

PizzaHut HomePage :

[Prototype link](#)

Designed a pizza homepage featuring a 3D carousel animation, creating an interactive and visually engaging experience to showcase products effectively.

Parallex Animation :

[Prototype link](#)

Designed a sodacan parallax scroll animation featuring visual experience to highlight product features.
