SUMMARY

Enthusiastic and detail-oriented Front-End Web Developer with a strong foundation in HTML, CSS, and JavaScript, and familiarity with modern frameworks like React. Skilled in creating responsive, user-friendly websites with a focus on clean code and usability. Adept at collaborating in team environments, quickly learning new tools and technologies, and committed to delivering visually appealing and optimized web applications. Passionate about front-end development and eager to contribute to dynamic projects that enhance user experience and elevate brand presence online.

SKILLS

- **Front-end:** HTML, CSS, React, Javascript
- **Version control:** Git, GitHub

PROJECTS

University website:

https://myuniversitypage.netlify.app/

- Designed and developed a fully responsive university website using HTML and CSS, ensuring seamless cross-browser compatibility, intuitive navigation, and enhanced user accessibility.

Text to speech converter:

https://text-tospeech- converter.netlify.app/

- Created a web-based Text-to-Speech converter using HTML, CSS, and JavaScript, allowing users to input text and generate natural-sounding speech output with customizable voice options.

Product Page:

https://my-productpage.netlify.app/?size=on&color=on

- Developed an interactive product page using HTML, CSS, and JavaScript, featuring dynamic content, responsive design, and seamless user experience for showcasing products effectively.
